

## Biology of Indolent Lymphoma/CLL and Clinical Decision-Making

Date: 2018/09/15

Venue: 高雄 H2O 水京棧國際酒店 2 樓宴會 AB 廳 (高雄市鼓山區明華路 366 號 07-5537001)

Chairman: 陳彩雲 醫師 / 王銘崇 醫師

Time	Program	Speaker
14:00 ~ 14:30	<b>Registration</b>	
14:30 ~ 15:15	<b>1. Marginal zone lymphoma, nodal and splenic: Differentiation among pathologically challenging entities</b> ✧ The role of IGHV repertoire ✧ Mutational profiles in the NOTCH and BcR/TLR/NF-kB pathways  <b>Discussion</b>	成大病理科 張孔昭教授
15:15 ~ 16:00	<b>2. Biology and management of lymphoplasmacytic lymphoma (and Waldenström macroglobulinemia)</b> ✧ Recent advances on the biology of LPL (and WM) ✧ Available agents for the treatment of patients with LPL (and WM)  <b>Discussion</b>	台大血液科 侯信安醫師
16:00 ~ 16:10	<b>Break time</b>	
16:10 ~ 16:55	<b>3. Optimizing therapy of CLL based on clinical and biological factors</b> ✧ Frontline therapy ✧ Behind frontline therapy  <b>Discussion</b>	台大血液科 吳尚儒醫師
16:55 ~ 17:40	<b>4. Follicular lymphoma: are we ready for a risk-adapted approach?</b> ✧ The most appropriate application of the various clinical risk stratification tools available in follicular lymphoma ✧ The limitations regarding current biologic risk stratification tools  <b>Discussion</b>	台大血液科 柯博升醫師
